Price: 511,95 € gross

Manufacturer: UMMO Lighting

Product code: **MLA622P2**

EAN: **5906733729384**

### To choose:

Color temperature	Product code	Ean13	Gross price
3000K	MLA622P2	5906733729384	511,95 €
4000K	MLA622P4	5906733725966	511,95 €

## Description

### Design Description

The MALUMI A lamp is a distinct combination of functional art and 1980s aesthetics. Its name, inspired by the word "malumi" meaning sailor in Tamil, refers to travel and the discovery of new forms. The lamp's design draws from the Memphis movement, characterized by bold colors and geometric shapes, while maintaining modernist simplicity. Its form - based on a flat-oval shade - is a conscious reference to modernism, in which the simplicity of geometry was meant to express modernity and order. UMMO reaches for this motif with full consistency, but adds energy to it through intense colors, so the lamp does not blend into the background - it was designed to be present as a clear accent in the interior. The color, shape and balanced proportions make it an almost sculptural object - more like a contemporary light installation than a classic fixture. In the spirit of Memphis aesthetics, MALUMI A combines geometry with expression, but does so with control and a sense of proportion.

## Lamp components and functionality

The body of the lamp is made of powder-coated aluminum, whose deep matte shade enhances the expressiveness of form and color. Thanks to the material used, it is lightweight, despite its considerable dimensions. It can be found in colors: white RAL 9003, black RAL 9005, red-orange RAL 2002, navy blue RAL 5003, olive RAL 6013. The whole creates a compact, unified light object, in which the light source has been integrated at the factory - this means that it does not require a separate bulb or replacement.

The integrated LED module is designed to emit light evenly and softly, with high energy efficiency and longevity. As a result, MALUMI A provides consistent, well-distributed luminance, without the need for additional adjustment or user intervention.

The lamp is suspended from a textile strip in a color matching the body, with a length of 145 cm. Its horizontal form and proportions (80 x 5.2 x 35 cm) make it perfect over a kitchen island, bar or table, bringing not only light, but also character to the space.

## Application and IP20 protection class

With an IP20 protection class, MALUMI A is designed for indoor use in dry areas. It will perfectly blend in over a dining room table, over a kitchen island or in a stylish living room, adding character and energy to the interior.

## Handmade and unique character

Each copy of the MALUMI A lamp is assembled by hand to order, with attention to the smallest details. It is a carefully prepared product, which is created with the individual customer in mind, not the mass consumer. Handmade guarantees the uniqueness and high quality of each piece. MALUMI A is not just a lamp, it is a manifestation of boldness in design. Its presence in the space is a declaration of style and love of applied art. We cordially invite you to purchase and experience the unique design of the UMMO brand.

### Key features:

- Design inspired by the Memphis movement and modernism.
- Material: metal.
- Choice of colors: white RAL 9003, black RAL 9005, red-orange RAL 2002, dark blue RAL 5003, olive RAL 6013.
- Selectable color temperature of the light source: 3000K (warm) or 4000K (neutral)
- Built-in light source with proven leds holding the right parameters.
- Protection class: IP20 - for indoor use.
- Hand assembled to order - each piece is created with attention to detail.

## Technical information

Light source included	Yes
Type of light source	LED
Max wattage	24W
IP degree	IP20
Cable/-s lenght	145cm
Cable lenght	145cm
Length	80cm
Width	5.2cm
Height	35cm
Length of the ceiling slot	60.3cm x 5.2cm
Made of	metal / aluminum
Colour	black (Jet Black RAL 9005)
Cable color	black
Braid type	polyester
Warranty	5 years
Comments	custom-made product
Type / function	ceiling lamp, pedant lamp

Overall length

180cm

Power supply

~230V, 50/60 Hz

## Other finishes
